

# Grant-Making Policy for New Day Church (v4)

*Reviewed by the Board: 21/07/2020*

## 1. Charitable purpose and objective

1.1. The Trustees apply the funds of New Day Church at their discretion and in accordance with the charitable purposes and objectives of the charity.

1.2. The Trustees have appointed the elected Elders of New Day Church to consider the distribution of beneficial grants on its behalf and to make recommendations in accordance with the charitable purposes and objectives. Any decision whether to award a grant remains solely the responsibility of the Trustees.

## 2. Priorities for support

2.1. The amount of work or number of projects that can be supported by the Trustees is necessarily limited to the amount of funds that are available for distribution each year. The Trustees have determined that the current priorities for funding are:

- The advancement of the Christian faith within local communities and across the world, particularly in Uganda and India, subject to 2.2.
- The relief of poverty within local communities and among the world's deprived and needy peoples, with particular focus on providing homes for otherwise destitute children or as determined by the Trustees from time to time and in accordance with this policy.
- Support for young people engaging in short-term mission or training and gaining experience in voluntary service overseas.

2.2. The priorities for support will be reviewed by the Trustees every year and may be changed depending upon circumstances and the perceived effectiveness of the application of funds. Any change to these priorities must still fulfil the charitable purpose and objectives of the charity.

## 3. Principles applied in awarding grants

The Trustees will apply the following principles:

3.1. The Trustees will give consideration to requests and situations that are eligible according to our charitable purpose and objectives and meet the criteria of this policy:

- From any geographical area within the UK and overseas;
- From organisations and individuals alike.

- 3.2. Each request or situation will be considered on its own merits. Where situations have been previously considered (whether successful or not) any due diligence undertaken to reach an earlier decision will be made available to the Trustees.
- 3.3. The Trustees will carry out sufficient due diligence to ensure that the request or situation meets both the charitable purposes, and the priorities for support set out in this policy.
- 3.4. The Trustees are content to work in partnership with other grant making bodies where funding of an entire project is beyond the scope of any single organisation. This includes, but is not limited to, national and international relief operations in the wake of natural disasters.
- 3.5. There is a ceiling of no more than 20% of the total income of the charity in any one year to be granted to any other single charity, individual or organisation, excluding the payment of staff salaries.
- 3.6. All new requests or situations will be considered with due regard for the amount of funds that are available for distribution at that point in time, as stated in 2.1.

## **4. Applicant and partner due diligence**

4.1. The Trustees will carry out sufficient due diligence on any potential beneficiary to ensure:

- The identity of the beneficiary;
- That funds are applied in accordance with the charity's charitable purpose;
- That funds are not knowingly used for:
  - Money laundering in accordance with the operative Money Laundering regulations;
  - Terrorist financing in accordance with the Terrorist Act 2000;
  - Bribery in accordance with the 2010 Bribery Act.

4.2. As a safeguard against the risk of money laundering, funding of overseas projects will be made in sterling via UK based charitable organisations registered with the Charity Commission with the exception of emergency local currency donations made during the course of a visit to a project, with a maximum limit of £300 per donation.

4.3. In cases where the charity is not the only supporter of the work or project, and to protect its reputation, the Trustees may choose to extend any due diligence beyond the proposed beneficiary and to include other partner supporting organisations.

4.4. The Charity expects to receive reports at least once per year from beneficiaries or its partner supporting organisations confirming that the application of funds continues to be for charitable purposes in accordance with the charitable purposes and objectives of the charity. These reports inform the annual decisions of the Board on whether to renew or adjust grants.

4.5. The Trustees will adopt a risk rated approach to due diligence. Risk factors will include; the size of the grant; the country of residence of the proposed recipient; the geographical location in which the grant will be applied; the nature of the relationship between the charity and the applicant.

4.7. Grant size will be an important risk factor and the larger the grant the greater will be the likely level of due diligence undertaken.

4.8. Where the proposed beneficiary is well known to the Trustees and the relationship has been long standing and well established, the amount of due diligence undertaken is likely to be reduced.

4.9. The results of any due diligence will not last indefinitely. In cases where beneficiaries are supported for a significant period of time, additional due diligence will be undertaken on a change of circumstances that might impact the beneficiary, or in any case after a period of three years.

## **5. Administration**

5.1. For smaller grants, requests may be made informally. Where specific needs or situations are known, grants may be made at the discretion of the Trustees without any form of request.

5.2. For larger grants, Trustees should be confident:

- Of the purpose of the proposed grant including an understanding of the work and the way in which the grant will be managed and applied;
- Of the person(s) responsible for the management of the grant and for overseeing the work;
- That all local applicable laws and working practices associated with the work are fully and properly applied;
- That suitable safeguarding policies are in place in cases where the applicant works with children or vulnerable adults.

5.3. For very large grants, in addition to the requirements set out in 5.2, trustees would expect a written report (on request) setting out the progress and achievements for the period covered and detailing any forthcoming changes to either the nature or the location of ongoing work.

5.4. With the agreement of the charity and the beneficiary, grants will be provided by means of an electronic banking transfer or a cheque. The charity's normal payment authorisation process will be applied to any payments.

5.5. Where the grant is for a specified project or purpose, and in situations where that purpose does not proceed or where any grant or part thereof remains unused, unused funds must be returned.

5.6. Where formal written applications have been received, or other records maintained, these will be stored and subsequently disposed of in accordance with the charity's policy on data protection and prevailing Data Protection legislation.

## **6. Decision making**

6.1. The decision of the Trustees on whether to award a grant is final.

6.2. The Trustees are not obliged to provide an explanation to applicants in the event that their application is not successful.
